

Gianluca
PISATI

-Lookbook 25/26

The elegance of confidence.

Brand

Gianluca Pisati is an Italian women's footwear brand that expresses **contemporary elegance** through the perfect balance of design, **craftsmanship and quality**. Every collection is created with a timeless approach, offering refined silhouettes designed to accompany the modern woman with confidence and effortless sophistication.

Made in Italy using carefully selected leathers and meticulous attention to detail, Gianluca Pisati shoes embody a quiet sense of **luxury** defined by **authenticity**, comfort and refined craftsmanship. Clean lines, premium materials and understated femininity come together in a collection that transcends seasonal trends, creating timeless pieces designed to be worn for years to come.

Created for women who embrace individuality with confidence, Gianluca Pisati represents a **modern vision of Italian elegance**: essential, sophisticated and enduring.

| Brand Values

-Authentic Made in Italy: every shoe is born in our factory, crafted with selected materials and skilled hands.

-Craftsmanship: we believe in the beauty of the process, in the imperfections that make each piece unique.

-Durability: our shoes are made to accompany you for years.

-Timeless Elegance: no passing trends, but a solid, recognizable style, sober yet powerful.

-Care for Relationships: with our customers, our collaborators, and our territory.

Target

Gianluca Pisati speaks to **women** between the ages of **30** and **60** who value timeless elegance, exceptional craftsmanship and conscious design. **Independent, sophisticated** and **confident**, they choose quality over trends and appreciate products created to endure beyond a single season.

Professionals, entrepreneurs, creatives and travelers, **they see fashion as a natural extension of their identity**. They embrace a quiet sense of luxury defined by premium materials. For them, a shoe is more than an accessory it is **the perfect balance between femininity, comfort and elegance**.

Models
